THE WORLD AT LARGE.

Summary of the Daily News.

CONGRESSIONAL.

When the Senate met on the 14th Mr. Plumb reported the joint resolution appropriating money for the Oklahoma desistate and it was passed. The tariff bill was then taken up. Mr. Vest's motion to reduce the duty on tin-plate being under consideration. Senator Plumb vigorously opposed the proposed duty on tin-plate, as he was not willing to tax every tin cup, coffee pot and tin dish to protect some manufacturer who might eventually wish to go into the business. Although Congress entered on a sea that had no shore in offering a bounty, yet if such an industry had to be fostered it were better when the time came to pay a bounty than to impose a duty at present. The amendment of Senator Vest was rejected. Senators Davis and Plumb voting with the Democrats. Pending further action the Senate adjourned. Soon after assembling the House was left without a quorum and adjourned without transacting any business.

When the Senate met on the 15th Senator Quay made an explanation as to the report that he had made disparaging allusions to Speaker Reed in the recent Republican caucus. He denied having made such remarks. The Senate then by a vote of 33 to 8 decided to consider the River and Harbor bill and the entire day was taken up in considering the bill. The House had a lively time over the conference report on the Indian bill, but finally agreed to it. The bill known as the Nat McKay bill was then taken up and the House got into a tangle, which continued until adjournment.

The Senate on the 16th was engaged most of the day considering the River and Harbor bill. Senator Quay asked leave to offer a resolution that during the present session the Senate would not consider any legislative business other than the tariff bill, conference reports, general appropriation bills, pension bills, bills relating to public lands, to the United States courts, to the postal service, etc., and that all other bills (including the Federal Election bill) shall go over to next session, but Mr. Edmunds objected. Senator Quay then gave notice that he would introduce the measure into the Senate, but not later than Tuesday. The conference report on the bill to establish a National park at the Chickamauga battle ground was agreed to. The House agreed to the Chickamauga National Park bill. The Nat McKay bill was passed, the Speaker counting a quorum, and the Anti-Lottery bill was taken up and discussed until 4:40 o'clock and passed. The bill forbids the transmission through the mails of any lottery advertisement, circular, ticket, etc., making the offense punishable by fine and imprisonment. Adjourned.

When the Senate met on the 18th Senator Quay gave notice of his intention to ask the Senate to consider his resolution offered Saturday in relation to business to be considered, and the Senate then proceeded to consider the Deficiency bill, which after various amendments was passed. A resolution offered by Senator Plumb to prohibit the sale of liquors in the Senate wing of the Capitol went over and the tariff bill was taken up, but was soon laid aside and the House amendment to the Senate bill constituting Lincoln, Neb., a port of entry was agreed to. The House passed several bills and then took up the contested election case of Chalmers against Morgan, of Mississippi, and decided in favor of Morgan, the sitting member. The Senate bill constituting Lincoln, Neb., a port of entry passed. But little other business was transacted.

In the Senate on the 19th Mr. Plumb's resolution forbidding the sale or drinking of liquors in the Senate wing of the Capitol came up, and Senator Butler moved to extend the restriction to committee rooms. The resolution went over. The tariff bill was then debated until adjournment. After a long discussion in the House on a resolution defining the order of business the Senate Agricultural bill was taken up and passed. No other business was transacted.

The Use of Quinine.

There is no questioning the fact that quinine is a valuable medicine as a tonic, antiperiodic and anti-pyretic, and that its discovery has greatly helped the cause of medicine. Still in a majority of cases its use is not altogether satisfactory as it frequently deranges the system, producing headache, dizzy feelings, convulsions and sometimes even paralysis. It was the endeavor of the eminent Dr. John Bull of Louisville, Ky., to invent a substitute for quinine, something that would have all the good qualities of quinine, and yet be entirely free from its evil tendencies. How admirably he succeeded is evidenced by the estimation in which his remedy Smith's Tonic Syrup is held by the people; where it is best known everybody uses it in place of quinine and it never fails to give the very best of satisfaction. In cases of chills and fever it is absolutely a safe and certain cure.

BOTTLED INDIGNATION.—First Flask—"I'm broke." Second Flask—"That is just what I expected. The last time I saw you, you were full."—Drake's Magazine.

If Guilty of Assault and Battery

Upon your stomach with blue pill, podyphillin or other rasping purgatives, positively despair of helping your liver. Violence committed upon your inner man will do no good. Real help, prompt and thorough, is to be found in the wholesome antibilious medicine, Hostetter's Stomach Bitters, which is, moreover, productive of happy results in malarial disease, rheumatism, dyspepsia, nervousness and kidney troubles.

MISS BEACON—"This waits is divine! Do you ever dance the lancers, doctor?" Dr. Boylston—"No; but I sometimes lance the dancers."—Boston Budget.

WILLISTON, FLORIDA, Oct. 18th, 1893. Messrs. A. T. SHALLEMBERGER & Co., Rochester, Pa. Gentl.—Since my first order for your Antidote, in 1886, I have kept the medicine constantly in stock. It is unquestionably the best medicine for chills I ever saw. I know of one case of eight months' standing which was cured permanently by one dose, after all other remedies had failed. I have never known it fail to cure in a single instance. Yours truly, J. B. EPPERSON.

STUDENT medals are all right; but if a student meddles with too many things his studies will be interfered with.—Texas Siftings.

INVALIDS, aged people, nursing mothers, overworked, wearied out fathers, will find the happiest results from a judicious use of Dr. Sherman's Prickly Ash Bitters. Where the liver or kidneys are affected, prompt action is necessary to change the tide toward health, ere the disease becomes chronic—possibly incurable, and there is nothing better to be found in the whole range of materia medica. Sold everywhere.

THE oyster will remain at the seashore all summer; but the clam will be most in society.—N. O. Picayune.

THE peculiarity of Dobbins' Electric Soap is that it acts right on the dirt and stains in clothes and makes them pure as snow, at the same time it preserves the clothes, and makes them keep clean longer. Have your grocer order it.

IN Texas it is unlucky to find a horseshoe if a horse happens to be attached to it.—Yenowides News.

MUST not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

On the mend

—the consumptive who's not bereft of judgment and good sense. He's taking Dr. Pierce's Golden Medical Discovery. If taken in time and given a fair trial, it will effect a cure. Consumption is Lung-scrofula. For Scrofula, in its myriad forms, and for all Liver, Blood and Lung diseases, the "Discovery" is an unequalled remedy. It's the only guaranteed one. If it doesn't benefit or cure, you get your money back. You only pay for the good you get.

"Discovery" strengthens Weak Lungs, and cures Spitting of Blood, Shortness of Breath, Bronchitis, Severe Coughs, and kindred affections. Don't be fooled into taking something else, said to be "just as good," that the dealer may make a larger profit. There's nothing at all like the "Discovery." It contains no alcohol to inebriate; no syrup or sugar to derange digestion. As peculiar in its curative effects as in its composition. Equally good for adults or children.

PRICKLY ASH BITTERS

One of the most important organs of the human body is the LIVER. When it fails to properly perform its functions the entire system becomes deranged. The BRAIN, KIDNEYS, STOMACH, BOWELS, all refuse to perform their work. DYSPEPSIA, CONSTIPATION, RHEUMATISM, KIDNEY DISEASE, etc., are the results, unless something is done to assist Nature in throwing off the impurities caused by the inaction of a TORPID LIVER. This assistance so necessary will be found in

Prickly Ash Bitters!

It acts directly on the LIVER, STOMACH and KIDNEYS, and by its mild and cathartic effect and general tonic qualities restores these organs to a sound, healthy condition, and cures all diseases arising from these causes. IT PURIFIES THE BLOOD, tones up the system, and restores perfect health. If your druggist does not keep it ask him to order it for you.
